Providing Training Solutions to Industry

CONTRACTOR'S SAFETY EXCELLENCE AWARDS BANQUET

Gulf Coast Safety Council held its 18th Annual Contractor's Safety Excellence Awards Banquet on Thursday, May 3, 2018 at the Edward A. Dufresne Community Center. We're honored to have given out over 200 awards at this year's ceremony.

We'd like to thank all of the nominees and winners, as well as our board of directors, staff, instructors and guests. We'd also like to thank our speaker, Jeff Sexton.

In addition to the award ceremony, we also held a raffle to help raise money for our pal Avleigh as she fights against PCH (Pontocerebella Hypoplasia). Thank you to everyone who participated in the chance to win our prize, an LSU boiling pot, and more importantly, donated to a great cause.

Thank you, Sponsors:

2,000 - 10,000 W-H

CHEVRON ORONITE COMPANY

OWNER WINNER
LESS THAN 1,000,000 W-H

VALERO ST. CHARLES REFINERY

OWNER WINNER
GREATER THAN 1,000,000 W-H

Innovative Award Winner:

EXCEL MODULAR SCAFFOLDING & LEASING CORPORATION

Congratulations to our Innovative Award Winner, Excel Modular Scaffolding & Leasing Corporation. This Award is given to a company with an innovative process, program, or device that sets their company apart from others.

Excel's winning innovation is "Walk Thru Base Plates". These plates were designed to help eliminate slips, trips, and falls. The Walk Thru Base Plate is placed under the leveling jack during scaffold installation when clear paths of travel are needed in congested areas. This allows for the removal of the bottom ledger while maintaining structural integrity. The plates allow a clear path of travel to workstations, valves, emergency equipment, etc., as well as access in and out of the units for contractors. The plates are painted safety yellow for high visibility.
